## POLES CANNOT REMAIN

United States Electric Company  
Notified by Commissioners.

### NEW GARBAGE REGULATIONS

J. B. Hammond, Appointed Assistant Inspector of Buildings—Water Mains Along Route of Street Railways. Anti-Saloon League Opposing the Granting of a License in Anacostia.

The Commissioners yesterday notified Capt. A. A. Thomas, president of the United States Electric Light Company, that they were unable to grant a renewal of the permits for the four poles on Pennsylvania avenue which he desired to replace. They also stated that the poles must be removed at once.

The excise board gave a hearing yesterday morning to Benjamin Mandell, an applicant for a retail liquor license in Anacostia and to those who oppose the granting of the same.

Anacostia now has no saloon, the place formerly kept by William A. local name, had been closed some months ago through the efforts of the Anti-Saloon League and the temperance people of the neighborhood. Mandell is now applying for a license to sell liquor at Rose's old saloon. The applicant was represented by Lawyer J. J. Shillington.

Petitions bearing the names of residents and property owners living in the neighborhood of the proposed saloon were filed with the board. Attorney A. Shoonaker, of the Anti-Saloon League, claimed that the names on the applicant's papers had not been obtained in a due and legal manner, while Mr. Shillington denied this. The board, however, denied the license.

The Rev. Hugh Stevenson and a number of ladies and gentlemen of Anacostia, also appeared to protest against the granting of the license. The papers and petitions were filed and will be taken up when the excise board considers the application of Mr. Mandell.

The excise board granted the transfer of a retail liquor license from Charles S. Lambrecht to A. Puffering, No. 729 Eighth street southeast.

The Commissioners yesterday issued orders to the effect that the four-inch main in the north side of Trumbull street be connected with the high service main in the same street in order to give the residents on Trumbull street a sufficient supply of water; that three gas lamps be erected and lighted in Twining City; that the contract for grading Sherman avenue is hereby awarded to Andrew Gleason at 29 cents per cubic yard; that a north-south sewer and granite curb be laid in front of 1330 and 1338 F street northwest, and in front of the Elbert House; that the time for the completion of contract with G. L. Munroe for the construction of the Buchanan School building is extended ten days; that a second-class engineer's license be granted to J. G. Wheeler.

W. L. Hinds was yesterday appointed as superintendent of construction of the new ward at the Washington Asylum. This appointment takes effect when the work on this ward commences.

J. L. Parkinson was appointed as superintendent of construction of the new truck house, said appointment to take effect when the work on this building commences.

The current appropriation bill provides \$5,000 for a new four-room school building in the sixth division A, on the Conduit road. It is also conditioned that this sum shall be available until a suitable site is donated. The only piece of ground offered is on the side of a hill and about \$900 will be required to properly grade it.

The Commissioners yesterday awarded the matter and said that they would like to hear from any property owners on the Conduit road in the district mentioned who think a school is needed in the neighborhood of sufficient importance to donate a site.

The District Commissioners were passengers on the first regular car run over the Ninth street road yesterday morning. They expressed themselves as delighted with the construction and arrangement of all the details.

**ASSISTANT BUILDING INSPECTOR.**  
J. B. Hammond was yesterday appointed assistant inspector of buildings. There has been a great fight made for this position and the selection of the man has been delayed on several occasions. At the examination held some time ago eleven out of thirty-three applicants succeeded in meeting the requirements and of this number three were selected as being most competent. Mr. Hammond, who is a dealer in building materials and a man well suited for the position, was finally selected by the Commissioners.

A neat little card bearing the garbage regulations has been prepared by the health office and a copy will be left at each house in the city during the next few days. Penalties are provided for the failure of parties to comply with these regulations and they will be rigidly enforced. Health Officer Woodward in a preface to the printed regulations states that in order to secure and maintain a satisfactory garbage service it is necessary that the regulations be strictly complied with. Failure to do this will result in the enforcement of the penalties which have been provided. Parties are notified to report promptly any failure on the part of the contractor to render proper service.

Records for furnishing stone trap frames and covers were opened yesterday at the District building. John Burns, side traps, \$15.50; cover traps, \$17.50; Cunningham, side traps, \$15.75; cover traps, \$17.50; Lane & Martin, \$15.50; and \$17.50; Acker and Company, \$16.65; and \$19.75.

**STREET RAILWAYS AND WATER MAINS.**  
Col. Nathaniel Wilson, the attorney for the Columbia Railway Company, was given a hearing yesterday by the Commissioners on the question as to whether or not his company should pay the cost of laying the water mains along the route. The attorney stated that the company was willing to pay half the cost. The amount involved is about \$4,000.

Building permits were issued yesterday as follows: Mrs. J. J. McHenry, three-story brick and stone dwelling, 1701 M street, cost \$11,000; P. J. Harigan, two-story frame dwelling, Lincoln street, Anacostia, cost \$700.

Mr. Jackson's mode of procedure will be to have the United States consul at Bamberg send a petition for Mr. Stern's release to the Bavarian secretary of state.

## HELPING NEGRO COLONISTS.

Saved From Present Starvation by a Humane American.

Thanks to the good offices of L. M. Johnson, general manager of the Mexican Central Railroad, the unfortunate negroes of the Tihualia colony, who are making their way home in the United States from Mexico have been saved from present starvation.

United States Consul Sparks has telegraphed the State Department from Piedras Negras, Mexico, that Mr. Johnson is feeling these negroes at his own expense, and that all is going well now. The Eagle Press officials have quarantined forty-six of the negroes at that point, where the consul had landed them Friday night. Twenty-five of them are sick in Mexico with smallpox, eight seriously.

The local Mexican authorities there have become alarmed and declare they cannot take care of them longer. The remainder of the party who are not sick, numbering 150, were expected to reach Piedras Negras yesterday.

The President has also taken steps to relieve the distress of the colonists, regarding the case as one of great emergency, involving the lives of American citizens, he has directed that the War Department issue rations to them, and instructions were telegraphed the military headquarters at San Antonio, Tex., to forward immediately 1,500 rations to United States Consul Sparks at Piedras Negras. It is believed they have already reached him and are being distributed.

**PUBLISHED A RETRACTION.**

Lawyer Jones Drops His Criminal Libel Suit Against the News. The suit for criminal libel brought against J. F. Burman, editor of the News, and Charles J. Roman, a reporter, by Mr. Thomas L. Jones, a colored attorney, was amicably settled yesterday, the defendants, through their attorneys, Messrs. Lipscomb and Turner, agreeing to publish a retraction of the article on which the suit was based.

The case was argued in the police court Saturday, and Judge Miller reserved his decision until yesterday. Before the case was called in court, however, Mr. Turner, on behalf of the defendants, called upon Mr. Jones and submitted a written retraction which the paper published yesterday evening.

The publication, Mr. Jones said, was all that he desired. Mr. John M. Livingston, his attorney, accompanied Mr. Turner before Judge Miller, to whom the matter was explained, and the case was dismissed.
